

ALFRESCO DINING GUIDELINES

These guidelines are used to assist the Shire of Dandaragan in making decisions under the Scheme. The Scheme prevails should there be any conflict between this guideline and the Scheme.

It is not intended that a guideline be applied rigidly, but each application be examined on its merits, with the objectives and intent of the guideline the key for assessment. However, it should not be assumed that the local government, in exercising its planning discretion, be limited to the guidelines and that mere compliance will result in an approval.

The Shire encourages applicants to produce innovative ways of achieving the stated objectives and acknowledges that these may sit outside the more traditional planning and architectural approaches. In these instances the local government is open to considering (and encourages) well-presented cases, during pre-application consultation, having due regard to the outcome of any public consultation undertaken and the orderly and proper planning of the locality.

SCOPE

A guideline is not part of the Scheme and does not bind the local government in respect of any application for planning approval but the local government is to have due regard to the guidelines and the objectives which the guidelines are designed to achieve before making its determination.

OBJECTIVE

- 1 To ensure that alfresco dining activities are carried out in a way which is in tune with a healthy, safe and comfortable environment for the community and positively contributes to the attractiveness of the area.

- 3 To promote a vibrant street life balancing the interests and needs of residents and visitors alike.
