APOLOGIES
Cristi McPhee (SOD), Julie Rouse (SOD)

ITEM	DESCRIPTION	AGENDA
1)	BUSINESS ARISING FROM PREVIOUS MEETING	<p>1. Playground Rasheen (UDLA) presented some different options for playground concepts. WG like a tower play structure with some connection to local history/culture. BB advised that the Shire’s preference is sand rather than soft-fall due to the heat retention in soft fall materials and the cost factor. Christine noted that instead of soft fall around the playground, could we consider soft-fall as an accessible pathway to/thru the playground from the BBQ area for people with disability or mobility issues. WG liked that idea. Brent advised that the working group preference would be developed into a playground project scope to go out for procurement for detailed design and construction.</p> <p>2. Masterplan Rasheen went over the masterplan with the group again to ensure that all the components were supported. No major changes were noted, just more detail about materials. Picnic nodes and other furniture feature sites have all been identified and agreed on, but style can be refined and confirmed as the project proceeds.</p>

ITEM	DESCRIPTION	AGENDA
		<p>Rasheen shared the sectional views of each area of the foreshore to highlight the space between areas and usage.</p> <p>3. Brent confirmed that Convic will be arriving tomorrow to begin construction of the skatepark and MP advised that signage with plans for the foreshore masterplan and skatepark will be installed in the coming weeks so that public can see the plans. They will be installed on the Convic temp fencing and on pickets closer to the jetty.</p>
2)	NEW BUSINESS	N/A
3)	NEXT MEETING DATE/CLOSURE	<p>5pm Tuesday 1 December 2020</p> <p>Meeting closed 6.15pm</p>
