PROPOSAL

This item considers the appointment of a preferred builder for the Jurien Bay Foreshore Pavilion. It is recommended that Council authorises the CEO to undertake final negotiations and enter into a building contract with Elite Builders Jurien Bay.

BACKGROUND

Council endorsed the design of a pavilion/café/ablutions facility on the Jurien Bay Foreshore to proceed to tender at the October 2020 Council meeting. The architect's design is shown below and was developed in consultation with the Foreshore Working Group with the allocated construction budget guiding the size and scale of the development.

Following the finalisation of the detailed design process in January 2021, which included electrical design components coordinated with other projects being completed on the foreshore, tenders were invited for the construction activities. 5 tenders from builders based outside of the Shire were received.

Council rejected tenders due to the prices being submitted being significantly in excess of the allocated budget and sought further engagement with builders to identify opportunities for cost savings. The lowest conforming tender was \$969,233. The construction industry has been impacted by a range of factors which have

AGENDA FOR SPECIAL COUNCIL MEETING TO BE HELD FRIDAY 26 MARCH 2021

driven up demand and prices across most components. Builders have also advised that the level of finish, curved design and specifications have also had a significant bearing on the cost of the build.

COMMENT

Since tenders were rejected staff have been in discussions with local builders and select tenderers to progress the project. Provided as a confidential attachment to this item is a report evaluating the outcomes of these discussions to assist Council consider building proposals and select a preferred builder. The document is marked as confidential due to the commercial in confidence nature of the submissions. Should Council seek to debate the content or details of the evaluation document the meeting should be closed to the public.

In addition to price being the primary quantitative consideration the key qualitative criteria used for the assessment were:

- Relevant Experience
- Local Content
- Demonstrated Understanding
- Key personnel skills and experience
- Tenderer's resources

Once Council has selected a preferred builder and executed a building contract, the process for leasing the café and kiosk will be able to progress.

CONSULTATION

The original tender was advertised in State and regional Newspapers, Social Media and Shire website, as well as directly to ten builders operating in this region.

Consultation has also been undertaken on the broader project through the Foreshore master planning process and with the Foreshore Working Group.

Loan Funds: Up to \$750,000

The Local Roads and Community Infrastructure Grant was originally budgeted for use on the East West Runway in Jurien Bay. These funds are not able to be used on this project due to land tenure delays associated with Native Title. To ensure these grant funds are spent in accordance with the grant guidelines the funding has been reallocated to the Foreshore Pavilion. A second round of Local Roads and Community Infrastructure Grants have been announced and can be redirected back to the East West Runway project in the coming budget cycle.

PROPOSAL

The purpose of this report is for Council to consider ranking preferred responses for a lessee of the Jurien Bay Foreshore Café / Kiosk.

BACKGROUND

The Jurien Bay Foreshore Masterplan included provision for a new Café / Kiosk within the new foreshore pavilion. The pavilion is due for development in 2021 and Council is concurrently considering the section of a preferred builder for the construction activities.

Concurrent with this construction contract, the Shire has called for Proposals for a lease of the café / kiosk space which includes provision for a license over a negotiated portion of the alfresco area underneath the pavilion. The lease and license area is indicated in the plans below:

AGENDA FOR SPECIAL COUNCIL MEETING TO BE HELD FRIDAY 26 MARCH 2021

The Request for Proposals (RFP) process closed on 15 February 2021 and 2 submissions were received. The consideration of these proposals has been delayed while Council consider options for the construction of the Pavilion.

COMMENT

The RFP process is the preliminary step in this disposal of land process. A full assessment of the responses was undertaken by the CEO and the Executive Manager Corporate and Community Services and has been provided to Council as a confidential attachment. The document is marked as confidential due to the commercial in confidence nature of the submissions. Should Council seek to debate the content or details of the evaluation document the meeting should be closed to the public.

Subject to final lease negotiations and clarifications, the successful respondent and the finalised lease will be endorsed by Council for public advertising in accordance with Section 3.58(3) of the Local Government Act 1995. If an agreement cannot be established with the 1st preferred respondent, negotiations will progress with the 2nd preferred respondent. Once a finalised lease document is negotiated with a preferred respondent, details of the successful proposal including key lease terms will be made public via the proceeding Council meeting agenda and advertising requirements outlined in the Local Government Act 1995.

Within the RFP process respondents were asked to address a number of key criteria including:

- 1) Provision of a detailed outline of the business model that would deliver environmental outcomes, social benefits and economic benefits.
- 2) Provision of information covering the respondent's relevant experience.
- 3) Provision of an outline of local content and local benefit expected from their business model.

A pricing component was also included providing opportunity for respondents to state their annual lease fee offer. RFP documents outlined Council's preference was for a full market based rental across an initial 3 year lease with a 3 year option. The RFP document also stated that all outgoings (electricity, water etc.) would be the responsibility of the lessee.

The ongoing provision of a café/kiosk at the Jurien Bay Foreshore is seen as a vital piece of economic and social infrastructure for the town. The timeline for implementation will be dependent on the construction and subsequent fit out of the building.
