The objective of this Policy is to set out how the Shire of Dandaragan (Shire) will ensure compliance with the Disability Services Act (1993) and to promote, outline and specify the Council and the Shire's commitment to ensure people with disabilities have equal opportunities of access and community inclusion to Shire services, products, facilities and information and are consulted in appropriate and meaningful ways to facilitate participation in decision-making that affects their lives.

Policy Statement

The Shire is committed to promoting and facilitating equal opportunity, inclusion and access to all members of its community and to ensuring access and social inclusion for people with disabilities, their families and carers.

The Shire recognises that people with a disability have equal rights to quality facilities and services that enable them to live and fully participate in their communities.

The Shire believes that a community that recognises and promotes diversity and equity supports the participation and inclusion of all of its members which makes for a richer community life and contributes to positive social justice outcomes.

The Shire will work with reference to its values of relationships, excellence, vibrancy and wellbeing to create an accessible and inclusive community in which all functions, facilities, information and services (both in-house and contracted) are open, available and accessible to people with disabilities, providing them with the same opportunities, rights and responsibilities enjoyed by all other people in the community, as far as is practicable.

The Shire recognises that people with disabilities are valued members of the community who make a variety of contributions to local social, economic and cultural life.

The Shire believes that people with disabilities, their families and carers who live in country areas should be supported to remain in the community of their choice.

The Shire is committed to consulting with people with disabilities, their families and carers and where required, disability organisations and other advocates to ensure that barriers to access and inclusion are addressed appropriately.
