The Shire recognises that people with a disability have equal rights to quality facilities and services that enable them to live and fully participate in their communities.

The Shire believes that a community that recognises and promotes diversity and equity supports the participation and inclusion of all of its members which makes for a richer community life and contributes to positive social justice outcomes.

The Shire will work with reference to its values of relationships, excellence, vibrancy and wellbeing to create an accessible and inclusive community in which all functions, facilities, information and services (both in-house and contracted) are open, available and accessible to people with disabilities, providing them with the same opportunities, rights and responsibilities enjoyed by all other people in the community, as far as is practicable.

The Shire recognises that people with disabilities are valued members of the community who make a variety of contributions to local social, economic and cultural life.

The Shire believes that people with disabilities, their families and carers who live in country areas should be supported to remain in the community of their choice.
