

SHIRE OF DANDARAGAN BIKE NETWORK PLAN 2015 - 2020 JURIEN BAY and CERVANTES

It is hereby notified for public information that Council seeks comment on the **Shire of Dandaragan Bike Network Plan 2015-2020 – Jurien Bay and Cervantes**.

The Shire of Dandaragan received \$12,500 in funding to develop a Bike Network Plan for the towns of Jurien Bay and Cervantes. The Shire has allocated funds in the 2015 / 2016 budget through additional grants to commence works on key areas outlined in the Bike Network Plan.

The Bike Network Plan aligns with the Shire's Strategic Community Plan 2011-2021 goals and subsequent objectives and actions to actively build and sustain liveable communities with a high level of amenity by setting out proposed cycle infrastructure improvements for the Townsites of Jurien Bay and Cervantes over the next five years.

This report is being advertised for public information and comment. Written submissions, queries and comments can be directed to:

Garrick Yandle, Executive Manager Infrastructure, Shire of Dandaragan, PO Box 676, 69 Bashford Street, Jurien Bay WA 6516 or via email: emi@dandaragan.wa.gov.au.

The submission period will be open up to **4.00pm Friday 14 August 2015**. A copy of the Bike Network Plan may be obtained by contacting the Shire office during office hours on 9652 0800 or from the Shire website www.dandaragan.wa.gov.au under 'Publications'.

JURIEN BAY SEWERAGE PROJECT

Construction commenced on the Jurien Bay Sewerage Project Stage 1 in early June. Completion is expected in December 2015. Members of the public are reminded to be aware of additional construction traffic and activities in eastern areas of town along Hamersley Street and around the School. The appropriate signage and safety plans are being implemented by the various contractors to ensure the safety of the workers and members of the public. Progress so far has been:

- Pump Station and Pressure Main
 - ⇒ Site establishment
 - ⇒ Survey set out
 - ⇒ Clearing
 - ⇒ 70% of pressure main installed
 - ⇒ Initial excavation of pump station
- Infill Sewer
 - ⇒ Site establishment
 - ⇒ Survey set out
 - ⇒ Installation of gravity sewer along Whitfield Road

JURIEN BAY FORESHORE REDEVELOPMENT

The Jurien Bay Foreshore Redevelopment project is progressing. Final design documentation has been received. Shire Infrastructure staff are working towards obtaining a clearing permit with an environmental survey being completed in late July.

Shire Infrastructure staff are working through the procurement process for various components of the project. The project is intended to be delivered using Shire staff and local contractors where possible, with the assistance of technical irrigation specialists. Works on the initial stages of the project are expected to commence in early September 2015 with the bulk of the works completed by late October 2015.

Dust management measures will be in place during the construction period and whilst the turfed areas are being established. It is envisaged that the turfed areas will be established enough for them to be open to the public just prior to Christmas 2015.

CONGRATULATIONS SCOTT, ZOE AND SEBASTIAN

Scott and Zoe Clayton welcomed little Josephine Blair into the world on 24 June 2015 weighing 7lb 9oz. Big brother Seb is very proud of his little sister.

From Staff and Councillors at the Shire of Dandaragan a huge congratulations on your new addition.

SHIRE INVESTIGATES ILLEGAL REMOVAL OF ASBESTOS

Shire officers recently were called to investigate the illegal removal of an asbestos roof by an unlicensed contractor.

The work involved the removal of the asbestos roof and replacement with zincalume sheeting.

The removal of asbestos of this quantity must be completed by a licensed asbestos removalist who is required to follow procedures designed to protect both the workers on site and limit the potential release of asbestos fibres into the atmosphere.

In this particular instance the contractor and his assistant were not wearing personal protective equipment and were not taking any precautions to prevent the escape of asbestos fibres. This placed the workers at severe danger of inhaling asbestos fibres.

Residents are reminded that the removal of any asbestos in excess of 10m² must be undertaken by a licensed asbestos removalist.

The details of this particular occurrence have been passed to Work Safe for their investigation.

SHIRE OF DANDARAGAN COUNCIL MEETINGS IN THE MONTHS AHEAD

DATE	VENUE	TIME
27 August 2015	Jurien Bay	11.00am
24 September 2015	Dandaragan	5.00 pm
22 October 2015	Jurien Bay	5.00 pm

COMPULSORY MICROCHIPPING FOR ALL DOGS AS OF 1 NOVEMBER 2015

Residents are reminded that from 1 November 2015 it is compulsory for all dogs to be microchipped.

Amendments to the Dog Act 1976 made in November 2013 provided that from 1 November 2015 the owner of a dog that has reached three months of age must ensure that the dog is microchipped.

A dog is exempt from the microchipping requirement if a veterinarian issues a certificate stating that the implantation of a microchip may adversely affect the health and welfare of the dog. The certificate cannot apply in respect of a dog that is under three months of age.

When a person registers their dog, they will be required to provide proof that the dog has been microchipped by providing Shire staff with the microchip number.

LOCAL ELECTIONS

Are you an Owner or Occupier of rateable land within the Shire of Dandaragan? If so, you may be entitled to be enrolled to vote at the Council elections being held in October 2015.

If you are enrolled on the State electoral roll at the relevant address in the Shire of Dandaragan, then you are automatically included on the Local Government roll. If you need to update your details for the State roll please go to www.elections.wa.gov.au or call 13 63 06.

However, if you are an owner or occupier and you are enrolled on the State roll as living outside the District, you will need to lodge an enrolment form at the Shire of Dandaragan's Jurien Bay Administration Office no later than 14 August 2015.

For any further information, please contact Kelli on 9652 0800, Wednesday to Friday.

Local Sporting Clubs Get Equipment Boost

Two Shire of Dandaragan Sporting Clubs have received grants under the Community Sporting Clubs Equipment Subsidy.

Jurien Bay Tennis Club and the Jurien Bay Football Club have received grants to the value of \$500 each.

The Jurien Bay Tennis Club have updated their club tennis racquets and balls for adults and juniors. Having club equipment allows new or prospective members to try out the sport without the need to purchase expensive equipment, Andrea Shadbolt President of the Tennis Club said.

Jurien Bay Football Club bought new balls and sports bags for the junior and senior teams.

It is important to maintain good equipment at the Club to ensure that our members get the best out of their training and on match days, Steve McLeary President of the Football Club said.

Almost 300 sporting clubs across Western Australia will be purchasing new equipment thanks to the latest round of the State Government's Community Sporting Club Equipment Subsidy Scheme.

FAULTY STREETLIGHTS

What to do if a streetlight is not working

Because faulty streetlights are typically only evident at night-time, Western Power customers are a valuable source of information when it comes to identifying faulty streetlights.

If you notice a streetlight is not working as it should; for example it's not coming on at night or it's staying on during the day, please let Western Power know via the short form on the website <http://www.westernpower.com.au/customer-service-faulty-streetlight.html>

Alternatively you can call their Customer Service Team on 13 13 51 – they're there around the clock, every day of the year.

How long will the repair take?

In most cases streetlights in the metro area are repaired within 5 days, and those in country within 10 days.

If the streetlight is being affected by an underground cable fault, it can take several weeks to pin point and repair the cable in order to fix the streetlight. Locating the cause of the problem when the cables are buried underground can be difficult, especially when the cables are located under footpaths, garden beds or roads.

The form is only to be used for non-urgent streetlight problems. For any urgent or dangerous issues (such as a vehicle hitting a streetlight) please call 13 13 51.
