

INFRASTRUCTURE UPDATE

Jurien Bay Foreshore Redevelopment

Planning and procurement for the Jurien Bay Foreshore Redevelopment continues to take place. The design has been completed and construction contractors have been procured. There has been a delay in receiving the Clearing Permit from DER, this has delayed the commencement of construction. Unfortunately this delay is likely to reduce the window of time available for construction, from 8 weeks to 4 weeks. The revised 4 week timeframe will be too short to complete all proposed works before the summer winds commence in late October. As a result of this it had been decided that major construction works will be delayed until April 2016 to prevent residents and businesses potentially being affected by excessive dust and windblown sand which is likely to occur if construction was taking place over the summer months. Minor construction works are likely to take place in the interim as preparation for major construction works in April.

Jurien Bay Sewerage Project

The Jurien Bay Sewerage Project is progressing at various locations around town. The past few weeks have seen increases in construction traffic on town streets, road verges and the site behind the school. There has also been an increase in traffic delivering various items of construction machinery as well as pipework materials. All care and precautions are undertaken through the development of relevant safety, traffic and dewatering management plans to reduce the occurrence of incidents and risk of major issues.

Many will have also noticed the installation of dewatering equipment that removes groundwater from the excavated areas of the project. The discharge locations for this water is into the town's pipe drainage systems as per the contractors Dewatering License from DOW. At times this has overloaded the drainage systems and you will have seen areas of ponding on town streets in the "breakout" points of the system. Unfortunately these are some short term issues that the residents will need to endure as part of the construction program. The Shire will continue to monitor the discharge and ponding, there is still likely to be minor ponding issues of water around town, but this should not pose a threat to property or safety.

The Shire thanks all residents for their continued understanding of issues associated with construction of this vital town infrastructure project. At this stage construction is on track for completion in December 2015.

Mimegarra Road

Works have commenced on the final 12km sealing of Mimegarra Road in the south of the Shire. Clearing of the realignments took place in August with the bulk earthworks for the realignments to commence in September. Pavement preparation is scheduled for October and November with final sealing due to take place in early December.

Lesueur Drive – Jurien Bay

Resealing works for Lesueur Drive in Jurien Bay were scheduled for July / August this year. However regular rainfall over these months has pushed this project back. It is expected that these works will now take place over the period of late September / October / November. All care and precautions are undertaken through the development of relevant safety and traffic management plans. There is likely to be traffic diversions in place during construction.

SHIRE OF DANDARAGAN

INTENTION TO DISPOSE OF LOCAL GOVERNMENT PROPERTY

Under section 3.58 of the Local Government Act 1995, the Shire of Dandaragan hereby advises of intent to dispose by way of lease of Lot 301 Roberts Street, Jurien Bay (Jurien Bay Caravan Park) to Bluetree Holdings Pty Ltd for the amount of \$65,000 per annum. The market value of the disposition was assessed at \$65,000 per annum as at 4 August 2015.

Public submissions regarding the above may be made in writing to the Chief Executive Officer, Shire of Dandaragan, PO Box 676, Jurien Bay WA 6516 and received at the Shire office not later than 4.00pm on Thursday 24 September 2015.

For more information please contact Gemma Richardson via email to g-richardson@dandaragan.wa.gov.au or 08 9652 0800.

Tony Nottle
CHIEF EXECUTIVE OFFICER

NOTICE TO ALL OWNERS AND OR OCCUPIERS OF LAND WITHIN THE SHIRE OF DANDARAGAN RESTRICTED BURNING PERIOD

Please be advised, due to the current seasonal weather condition the **Restricted Burning Period** for the Shire of Dandaragan has now been deferred until the 30th September 2015. As of the 1st October **Permits to burn will be required**.

A permit to burn must be obtained from your Local Fire Control Officer during the restricted burning period. Permits are subject to a number of conditions but will NOT be issued for burning on Sundays or public holidays, unless approved by the Chief Bush Fire Control Officer.

Prior to any burning you **ARE REQUIRED** to notify your neighbours, Local Fire Control Officer and the Shire of Dandaragan on 9652 0800. If the burn is to be carried out on land that is joining or adjacent to land that is managed or controlled by the Department of Parks & Wildlife, you must notify DPaW Office in Jurien Bay on 9688 6000.

If the fire danger forecast for the day issued by the Bureau of Meteorology is forecast for very high or above, all permits are cancelled and the burn cannot be implemented.

Besides being responsible for the safety of your own property, if a fire escapes from your property, you may be liable to pay compensation for any damage caused outside of your property – this could be very costly.

A copy of the 2015 / 2016 Firebreak Order is available from the Jurien Bay Administration Centre and also the Shire of Dandaragan Website (www.dandaragan.wa.gov.au). Contact details of Fire Control Officers are contained in this Document.

AUSTRALIAN HEARING IS COMING TO TOWN TO HELP YOU

Australian Hearing is the nation's leading hearing specialist and is the largest government funded provider for hearing services.

Australian Hearing is bringing their specialised hearing bus to you. To raise awareness of hearing health and provide free, no obligation hearing checks to the community.

No appointment is necessary on the day and they will be offering their services to any interested adults. If the hearing check reveals you may be suffering from a loss of hearing and you are eligible they will refer you to one of their clinics across the Perth metro area for an appointment with one of their professional audiologists to further discuss their your options and put together a complete hearing solution, specific to you.

See below for the itinerary:

Bus Site	Location	When
Jurien Bay	Car park adjacent to Jurien Hall Cnr Bashford St & Nineteenth Ave	Monday 14th September 11.30 am - 3.30 pm
Dandaragan	Community Recreation Centre Dandaragan Rd, Dandaragan	Friday 18th September 12.00 pm - 2.30 pm

TURQUOISE COAST VISITOR CENTRE NOW OPEN SATURDAYS

The Turquoise Coast Visitor Centre has been open since June 2015 and trading Monday to Friday but from 12th September the centre will be open on Saturdays from 10am to 3pm.

Opening on Saturdays is made possible by having community volunteers offering their time to spend in the centre, providing information to the influx of visitors that arrive in town for the weekend. Having a larger volunteer group spreads the workload and means individual volunteers are not committing too much time to the centre.

If you are interested in volunteering at the visitor centre, attend a short information session at the Turquoise Coast Visitor Centre, 67 Bashford Street Jurien Bay on the following dates and times (no RSVP necessary, just show up):

Wednesday 9 th September – 9.00am	Wednesday 16 th September – 9.00am
Friday 11 th September – 9.00am	Friday 18 th September – 9.00am
Saturday 12 th September – 10.00am	Saturday 19 th September – 10.00am

Full training and support for volunteers is provided and no experience is necessary. There is no cash handling and the roster is completely voluntary with variable shift times available. If you have any queries please contact Alison Slys at the Shire on 08 9652 0800 or tmc@dandaragan.wa.gov.au.
