**4 PUBLIC QUESTION TIME**

Yvonne Caddy:

What is Council's Policy in regard to fracking?

*The Chief Executive Officer responded advising that Council did not have a specific policy on fracking however, the issue was covered by State Legislation.*

Yvonne Caddy:

Are Council concerned of the fracking issue?

*The President advised that the issue had not been formally discussed at Council.*

Yvonne Caddy:

Requested advice in regard to Western Power poles that has been erected in various locations in Jurien Bay and Cervantes.

*The Chief Executive Officer advised that the poles had been erected in order to carry out testing with wind velocity.*

John Astill:

Requested advice on Council's position in regard to Local Government being recognised in the Australian Constitution.

*The Chief Executive Officer advised that Council did not support the recognition of local government as there were concerns with funding arrangements and being centrally controlled. The Western Australian Local Government Association doesn't have the same view as Council and only 3 out of the 11 Council's in the Avon Midland Zone had been opposed. 82 Council's in Western Australia were in favour of the recognition in the Australian Constitution.*

Yvonne Caddy:

Requested advice from Council in regard to the upgrading of Community Centre kitchens, particularly Cervantes.

*The Chief Executive Officer advised that it is Council's policy to upgrade the condition of kitchens and at this stage Council is awaiting the finalisation of the Cervantes Community Recreation Centre proposed*

*extensions.*

Margaret Stewart:

Requested advice in regard to house numbers being painted on curbing for emergency services.

*The President advised that Council did not have a specific policy however if the Community wished for this to occur then it can be done.*

Yvonne Caddy:

Requested advice on the issue of house numbering and advised that she had not received a response to previous correspondence from the Cervantes Ratepayers and Progress Association.

*The Chief Executive Officer advised that it was being considered as part of the 2013 / 2014 Council Budget.*

**9.1 FINANCE****9.1.1 SUNDRY DEBTOR WRITE – OFF**

Location:	Shire of Dandaragan
Applicant:	N/A
Folder Path:	Business Classification Scheme / Emergency Services / Procedures / Fire Safety
Disclosure of Interest:	None
Date:	27 May 2013
Author:	Chris Carey, Senior Ranger
Signature of Author:	
Senior Officer:	Tony Nottle, Chief Executive Officer
Signature of Senior Officer:	

**PROPOSAL**

This proposal is seeking approval from Council to write-off the raised invoices for the following seven properties – Lot 583 Parakeet Bend for \$100.00, Lot 819 Bremer Parade for \$110.00, Lot 781 Middleton Boulevard for \$110.00, Lot 667 Bathers Way for \$99.00, Lot 288 Sulina Crescent for \$165.00, Lot 3 Wren Way for \$110.00 and Lot 104 Homestead Loop for \$495.00.

**BACKGROUND**

The Bush Fires Act 1954 makes provision for Council's Bush Fire Control Officer or other authorised person in pursuant of the provisions of Council's Bush Fire Order to enter upon the land of the owner or occupier with such servants, workmen, or contractors and with such vehicles, machinery or appliances as he deems fit to achieve the required works.

When conducting inspections during November and December Council's authorised officer identified Lot 583 Parakeet Bend, Lot 819 Bremer Parade, Lot 781 Middleton Boulevard, Lot 667 Bathers Way, Lot 288 Sulina Crescent, Lot 3 Wren Way and Lot 104 Homestead Loop did not appear to have undertaken the required works to comply with the above order. In accordance with the provisions of the Bush Fire Act 1954 Council's authorised officer engaged the services of contractors to achieve the required works.

These invoiced amounts from contractors were paid by the Shire direct to the contractor and the Shire then on-charged and posted an invoice to the property owner for the payment of works.

**COMMENT**

All the above-mentioned properties have been sold since these invoices were issued. Council received no communication from any of the then property owners of Lot 583 Parakeet Bend, Lot 819 Bremer Parade, Lot 781 Middleton Boulevard, Lot 667 Bathers Way, Lot 288 Sulina Crescent and Lot 3 Wren Way prior to their sale. Lot 104 Homestead Loop was listed with the Commonwealth Bank of Australian as mortgagee in possession.

## MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013

### CONSULTATION

- Ranger Services – Chris Carey

### STATUTORY ENVIRONMENT

Section 6.12 of the Local Government Act 1995

6.12. Power to defer, grant discounts, waive or write off debts

- (1) Subject to subsection (2) and any other written law, a local government may —
- (a) when adopting the annual budget, grant\* a discount or other incentive for the early payment of any amount of money;
  - (b) waive or grant concessions in relation to any amount of money; or
  - (c) write off any amount of money, which is owed to the local government.

\* Absolute majority required.

### POLICY IMPLICATIONS

There are no policy implications relevant to this item.

### FINANCIAL IMPLICATIONS

The Shire of Dandaragan has incurred an expense in arranging these blocks to be slashed by a contractor with the original intention of recouping this expense from the landowner, resulting in a nil overall financial effect.

By writing off these invoices, the Shire will incur an additional unbudgeted expense of \$1189 inclusive of GST.

### STRATEGIC IMPLICATIONS

There are no strategic implications relevant to this item.

### 9.1.2 FINANCIAL STATEMENTS – MONTHLY REPORTING FOR THE PERIOD ENDING 30 APRIL 2013

Location:	Shire of Dandaragan

Disclosure of Interest:	None
Date:	9 April 2013
Author:	Scott Clayton, Executive Manager Corporate & Community Services
Signature of Author:	
Senior Officer:	Tony Nottle, Chief Executive Officer
Signature of Senior Officer:	

#### PROPOSAL

To table and adopt the monthly financial statements for the period ending 30 April 2013.

#### BACKGROUND

As part of the Local Government Act 1995 and Financial Management Regulations (1996), monthly financial statements are required to be presented to Council. Circulated are the monthly financial statements for the period ending 30 April 2013.

#### COMMENT

Regulation 34 of the Financial Management Regulations (1996) requires the following information to be provided to Council:

##### 1. Net Current Assets

Council's Net Current Assets [ie surplus / (deficit)] position as at the 30 April 2013 was \$2,914,811. The composition of this

equates to Current Assets minus Current Liabilities less Cash Assets that have restrictions on their use placed on them, in this case Reserves, Restricted Assets and Trust. The current position indicates that Council can easily meet its short-term liquidity or solvency.

The Net Current Asset position is reflected on page 8 and reconciled with the Statement of Financial Activity on page 1 of the financial statements.

The amount raised from rates, shown on the Statement of Financial Activity (page 1), reconciles with note 6 (page 9) of the financial statements and provides information to Council on the budget vs actual rates raised.

## 2. Material Variances

The Statement of Financial Activity provides variances to budget by way of percentages. Council's adopted policy states a 10 percent threshold for these variances to be reported. An explanation of these variances is as follows:

### *Governance*

Income is at 190.4% of Y-T-D budget and is due to a grant to assist with the formulation of a workforce plan. This grant will help offset the new position of Coordinator of Integrated Planning.

### *General Purpose Funding*

Expenditure is at 87.2% of Y-T-D budget and is due to valuation expenses being less than budgeted. This will be corrected once invoices for the revaluations are received.

### *Recreation and Culture*

Expenditure is at 84.9% of Y-T-D budget. This is due to salaries and materials and contracts being less than budgeted. In the July monthly statements, advice from the Manager of Technical Services and Works was that this variance is as a result of parks and gardens staff being redirected to road works including patching, verge maintenance, carpark construction and footpath maintenance.

### *Economic Services*

Expenditure is at 72.7% of Y-T-D budget. This is primarily due to employee costs being less than budgeted as a result of a vacancy for the Special Projects Officer earlier in the year.

### *Other Property and Services*

Income is at 116.9% of Y-T-D budget and is due to additional private work income from firebreak compliance. This income is equally offset by contract labour.

Expenditure is as 315.9% of Y-T-D budget and is due to on-cost

<b>MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013</b>
---

allocations of plant operations. The Y-T-D budget attempts to allocate the plant operation costs to individual jobs through timesheets. However, the Y-T-D budget evenly distributes these on-costs and does not give consideration of the timing of the actual expenses. When the budget is set each year a certain level of machinery hours is estimated so that an hourly cost can be calculated. If actual machinery use varies from these estimates allocations can vary while true costs are still incurred.

Should Councillors wish to raise any issues relating to the 30 April 2013 financial statements, please do not hesitate to contact the Executive Manager Corporate and Community Services prior to the Council Meeting in order that research can be undertaken and details provided either at the time of the query or at the meeting.

Income is at 186.1% of Y-T-D budget and is due to a grant to assist with the formulation of a workforce plan. This grant will help offset the new position of Coordinator of Integrated Planning.

*Recreation and Culture*

Expenditure is at 85.0% of Y-T-D budget. This is due to salaries and materials and contracts being less than budgeted. In the July monthly statements, advice from the Manager of Technical Services and Works was that this variance is as a result of parks and gardens staff being redirected to road works including patching, verge maintenance, carpark construction and footpath maintenance.

*Transport*

Income is at 66.4% of Y-T-D budget and is due to MRWA grant income not yet received.

*Economic Services*

Expenditure is at 72.7% of Y-T-D budget. This is primarily due to employee costs being less than budgeted as a result of a vacancy for the Special Projects Officer earlier in the year.

*Other Property and Services*

Income is at 119.4% of Y-T-D budget and is due to additional private work income from firebreak compliance. This income is equally offset by contract labour. In addition, the diesel fuel rebate is greater than budgeted.

Expenditure is as 156.1% of Y-T-D budget and is due to on-cost allocations of plant operations. The Y-T-D budget attempts to allocate the plant operation costs to individual jobs through timesheets. PROPOSAL

That Council consider development and improvements to the Jurien Bay jetty and Foreshore Precinct.

BACKGROUND

Council undertook a significant project in 2009 to construct a new jetty and upgrade associated infrastructure on the Jurien Bay

**MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013**

Foreshore. To raise funds for the project, Council at its meeting held 14 June 2007 adopted to raise a Jurien Bay Jetty specified area rate. The project consisted of the construction of the Jetty and the development of the foreshore area to link Dobbyn Park and the Jetty providing recreational opportunities for both locals and visitors to Jurien Bay.

**COMMENT**

Whilst the Jetty and foreshore development has established itself as the centrepiece of Jurien Bay, the developed precinct needs to be more inclusive of the wider foreshore.

Further development to the foreshore extending from the Jetty to Cook Street will provide more formal access to the beach and provide the link for the Cook Street change rooms which are to become part of the foreshore precinct. With this in mind a foreshore development proposal has been drafted to develop the foreshore area from the Jetty to Cook Street to tie in the southern and northern areas of the foreshore with the Jetty.

The project is proposed to be undertaken in two stages. Stage 1 will include the upgrading of the foreshore length to provide for better access, use and the link to the current foreshore developed area. The proposed Stage 2 possibly includes the commercial café precinct area which would depend on external funding opportunities and public demand.

The project will also incorporate some minor upgrades to the existing foreshore developed area (Dobbyn Park) by upgrading power and lighting near the stage and the provision of suitable change rooms south of the Jetty.

The project also matches the criteria required for Regional Country Local Government Fund funding and a joint application with Shire of Gingin has been initiated to assist with the funding of the project.

Council will also recall discussing the extension of the Jurien Bay Foreshore at its Council Forum on the 22 November 2012. An item was presented regarding the possibility of funding this project and Council requested the Chief Executive Officer to apply for funding under the Regional Development Australia Round 3 Funding round. Unfortunately this funding application was unsuccessful.

This application indicated a possible funding source being the Regional component of the Country Local Government Fund. As the application was unsuccessful a staged approach has been adopted.

2013 / 2014 – Stage 1 \$650,000.00  
TBA – Stage 2 \$800,000.00

Stage 1 of the Project is to be funded by the regional component of the Country Local Government Fund and the remaining funds received from Loan number 128 being repaid by the Jurien Bay Jetty Specified Area Rate.

Stage 1  
CLGF – \$450,000.00  
Jetty fund – \$200,000.00

### PROPOSAL

To adopt an Asset Management Policy for inclusion into the Shire of Dandaragan Policy Manual – Finance and Administration.

### BACKGROUND

The purpose of this policy is to outline the Shire's Asset Management objectives, targets and plans. It establishes the infrastructure management platform and framework from which effective Shire service delivery can occur.

The Shire has created Asset Management Plans that have been developed to demonstrate responsible management of assets, compliance with regulatory requirements (Integrated Planning), and to set out what funding is needed to provide the required Levels of Service.

### COMMENT

The first set of Asset Management Plans were adopted by the Shire on 18 April 2013. The AMPs were developed with assistance from Opus International Consultants and used the essential principles that are outlined in this proposed Policy.

The attached Asset Management Policy is now being considered for inclusion to the Policy Manual. This is to formally establish a general set of guidelines that will be used for future reference and direction by staff. It also sets out a commitment to the community on what position the Shire will follow in reference to the management of assets.

A number of basic principles and definitions are stated, such as the useful life of an asset must be greater than one year and have a value of more than \$1,000.

The Policy will apply to three main assets classifications; a) Transportation infrastructure, b) Buildings, c) Public Open Space. It will be evaluated in line with the review schedule set out in the Policy Manual that recognises ongoing updates may be necessary to keep up with current requirements and industry standards.

**That Council adopt the Asset Management Policy to be included in the Policy Manual as follows:**

## PROPOSED POLICY 7.9 – ASSET MANAGEMENT POLICY

### PURPOSE

The purpose of this policy is to outline the Shire's Asset Management objectives, targets and plans. It establishes the infrastructure management platform and framework form which effective Shire service delivery can occur. The Policy also guides the strategic management practise and processes the Shire applies to the management of all infrastructure assets.

### OBJECTIVE

To support the Shire's corporate strategic vision and to provide clear direction in the provision and management of all Shire assets. This is to ensure sustainable outcome, progressive services and appropriate levels of service, for present and future stakeholders.

### POLICY

The Shire will undertake to provide the appropriate levels of service for its assets, in a whole-of-life and economically, environmentally and socially sustainable manner. In providing and managing assets, the Shire will take into account an appropriate balance between service deliver, risk, reliability, safety and costs.

Budgeting priority will be given to the operation, maintenance and renewal of existing assets and services, and adequate resources will be provided to manage them in a cost effective manner.

### SCOPE

This Policy applies to all physical assets and their components with a useful life of more than one year, and a replacement value of greater than \$1,000, which require management by the Shire.

Physical assets are:

- Public Open Space;
- Transportation Infrastructure; and
- Property.

### PRINCIPLES

The Shire is responsible for the management and delivery of a range of public services to the local community. These services typically rely on a range of infrastructure assets for delivery to occur. As such, the Shire is custodian of this infrastructure, which is to be managed over its lifecycle.

The Shire will embrace proven asset management practices consider to be standard within the local government industry. Systematic and coordinated activities and practices will be undertaken to provide sustainable deliver through cost-effective life-cycle management to all assets.

The Shire will ensure sound asset management occurs by:

- Adopting the Asset Management Policy;
- Aligning principals of the Asset Management Policy with the Corporate Business Plan;
- Aligning principals of the Asset Management Policy into each Asset Management Plan;
- Manage infrastructure by applying 'whole of life' principles; and
- Basing decisions on the principles of sound asset knowledge.

## MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013

### RESPONSIBILITIES

The Shire and staff are responsible for:

#### Councillors

- Provide stewardship;
- Ensure asset management policy is applied across the organisation;
- 'Whole of life' principles are considered when decisions on assets infrastructure are made; and
- Ensure services and assets meet the adopted levels of service.

#### Chief Executive Officer

- Develop and maintain the Asset Management Policy;
- Approve, implement, and maintain the Asset Management Plan;
- Ensure the Shire's business complies and considers the asset management policy;
- Allocate the necessary resources required by the Asset Management Plans; and
- Ensure Asset Management Plan and Long Term Financial Plan align.

### MONITORING AND IMPROVEMENT

This Policy will be monitored and reviewed in line with the requirement to carry out reviews of the Shire's Policy Manual specified as approximately every two years. Through periodic review, the Shire will ensure the Policy aligns with the Corporate Strategic Plan and hence the community's needs and expectations. The Chief Executive Officer will periodically review the Shire's conformance to the Policy and report as required.

### DEFINITIONS

The Shire broadly adopts the following terms to form the International Infrastructure Management Manual 2011, as a reference basis for this Policy.

#### *Asset*

An item that has potential value to an organisation such as plant, machinery, buildings, etc.

#### *Asset Management (AM)*

The Systematic and coordinated activities and practices of an organisation to optimally and sustainably deliver on its objectives through the cost-effective lifecycle management of assets.

#### *Asset Management Information System*

A combination of processes, data, software and hardware applied to provide the essential outputs for effective Asset Management.

#### *Asset Management Strategy*

The high level long-term approach to Asset Management including action plans and objectives for managing assets.

#### *Asset Management Plan (AM Plan)*

Long term plans (usually 10 – 20 years or more for infrastructure assets) that outline the asset activities and programmes for each service area and resources applied to provide a defined level of service in the most cost effective way.

#### *Asset Life Cycle (Whole of Life)*

Lifecycle asset management involves the decisions made at each stage of an asset's life; from planning, creation/acquisition, operation & maintenance, renewal &

<b>MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013</b>
---

replacement to disposal. The decisions made at one stage will affect the asset's performance in others.

*Infrastructure Assets*

Stationary systems forming a network and servicing whole communities, where the system as a whole is intended to be maintained indefinitely at a particular level of service potential by the continuing replacement and refurbishment of its components. The network may include normally recognised ordinary assets as components.

*Levels of Service*

Levels of service statements describe the outputs or objectives an organisation or activity intends to deliver to customers.

**PROPOSAL**

To adopt the Corporate Business Plan 2013 – 2017.

**BACKGROUND**

The Local Government (Administration) Regulations 1995 section S5.56 (1) has been amended and from 1 July 2013 the Shire must now have both a Strategic Community Plan and a Corporate Business Plan.

The Corporate Business Plan is a four year plan that will be reviewed annually. The Plan identifies and prioritises the principal strategies and activities the Shire will be undertaking with reference to the aspirations and objectives as outlined in the Strategic Community Plan.

The Plan outlines the services, operations and projects that will be delivered over the life of the Plan and the method for delivering these initiatives, with the associated costs.

A number of informing strategies have been prepared to guide in the development of the Plan. Three Asset Management Plans, the Long Term Financial Plan 2013 – 2022, and the Workforce

**MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013**

Development 2013 Plan are documents that play an integral part in the creation of the Corporate Business Plan.

The Corporate Business Plan will be a critical document that allows the Shire to strive towards providing sustainable assets and services to its community, and to undertake works in a prioritised and planned process.

Projects contained within The Plan are also linked to the Shire's Strategic objectives and all costs related to the ongoing management of upgraded and new assets are also acknowledged.

**COMMENT**

The process of collecting data used to shape and create the backbone of the Corporate Business Plan began over the past 22 months starting in August 2011 with community workshops. Information from these public meetings was used to create the Strategic Community Plan 2011 – 2021.

The Plan has been developed with considerable input from the Executive Management team. It is acknowledged this is the first Corporate Business Plan for the Shire of Dandaragan. There will be changes and updates to ensure the Plan contains relevant material that reflects approved projects and ventures that have been made in a collaborative process by elected members.

**PROPOSAL**

For Council to receive the Long Term Financial Plan 2013 – 2022.

**BACKGROUND**

The Local Government (Administration) Regulations 1995 section

**MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013**

S5.56 introduced the Integrated Strategic Planning Framework for improving the practise of strategic planning of local governments.

The Long Term Financial Plan is an informing strategy to the process and is to be used as a guide to the future direction the Shire of Dandaragan is planning to embark on.

**COMMENT**

The Long Term Financial Plan (LTFP) is a 10 year rolling plan that informs the Corporate Business Plan to activate the priorities from the Strategic Community Plan.

The LTFP is a tool that allows the Shire to set priorities based on the ability to identify resources, for the delivery of various community priorities in a sustainable manner.

The LTFP is a guideline for future action and encourages the Shire to think about the future impact decisions made today have on council's long-term sustainability.

As a forward planning document it has been developed using financial trends based on a range of assumptions common to local government and reflective of future growth patterns.

It is a supporting document to the Corporate Business Plan and is also reliant on data derived from the Community Strategic Plan 2011-2021, the Workforce Development Plan, and the major Asset Management Plans for Transport Infrastructure, Public Open Space, and Property.

#### PROPOSAL

That Council adopt the amendments to policies 1.4, 1.7, 1.8, 1.13, 1.15, 2.1, 6.3, 7.2, 7.4, 9.10 and 9.12 in relation to changes to position titles for two positions being Executive Manager Corporate & Community Services and Executive Manager Infrastructure & Major Projects as a result of the staff re-structure carried out in May 2013.

#### BACKGROUND

The Shire of Dandaragan has recently undergone an organisational re-structure which resulted in several changes to staff titles.

#### COMMENT

Due to the re-structure, several policies in Council's Policy Manual require to be updated to reflect the new title changes. There are only two titles that are affected being:

- Executive Manager Corporate & Community Services formerly Manager Corporate Services; and
- Executive Manager Infrastructure & Major Projects formerly Manager Technical Services & Works and Project Manager - Special Projects

The following is a list of policies that require updating:

- 1.4 Corporate Credit Card
- 1.7 Travelling Expenses - Members and Non Member Delegates
- 1.8 Conference, Training and Development Expenses - Members
- 1.13 Electronic Mail / Internet
- 1.15 Shire of Dandaragan Purchasing Policy and Tender Guide
- 2.1 Investment Policy
- 6.3 Waste Management at Jurien Bay, Badgingarra, Cervantes and Dandaragan
- 7.2 Private Works
- 7.4 Streetscapes - Townsites
- 9.10 Staff Appointments and Leave
- 9.12 Staff Vehicle Use

**PROPOSAL**

That Council adopt the amendment to Policy 1.4 Corporate Credit Card in which the Executive Manager Infrastructure & Major Projects be issued a corporate credit card for use on Council business and expenditure only with a maximum credit limit of \$5,000.

**BACKGROUND**

The Shire of Dandaragan has recently undergone an organisational re-structure which resulted in several changes to staff positions in which a new Executive Management team was formed comprising the Chief Executive Officer (CEO), Deputy Chief Executive Officer (DCEO), Executive Manager Corporate & Community Services (formerly Manager Corporate Services) and Executive Manager Infrastructure & Major Projects.

Policy 1.4 Corporate Credit Card currently refers to the CEO, DCEO and the Executive Manager Corporate & Community Services being issued with corporate credit cards which relates to the previous organisational structure.

**COMMENT**

With the new organisational re-structure now in place, it is recommended that Policy 1.4 Corporate Credit Card be updated to include the Executive Manager Infrastructure & Major Projects (as part of the Executive Management team) being issued with a corporate credit card with a limit of \$5,000. Refer to the marked up Policy 1.4 which is attached to the agenda.

## 1.4 CORPORATE CREDIT CARD

### OBJECTIVE

To provide direction for the use of Corporate Credit Cards.

---

### POLICY STATEMENT

From time to time it is more cost effective and convenient to utilise a corporate credit card facility rather than a pre-purchase or purchase and reimbursement process. Therefore, Council supports the use of corporate credit cards as follows:

The Chief Executive Officer, Deputy Chief Executive Officer, Executive Manager Corporate & Community Services and Executive Manager Infrastructure & Major Projects will each be issued a corporate credit card for use on Council business and expenditure only.

The following credit limits are applicable:

Chief Executive Officer	\$6,000
Deputy Chief Executive Officer	\$5,000
Executive Manager Corporate & Community Services	\$5,000
Executive Manager Infrastructure & Major Projects	\$5,000

The following conditions apply to all cards:

- No cash advances to be made on the card.
- All credit card voucher slips to be retained by the card user and to be submitted to the Executive Manager Corporate & Community Services once a month in order for verification to be carried out on the account.
- Payments to be made within specified time limit so that interest penalties are not incurred.
- Each credit card voucher slip is to have details attached as to what the purchase was for in order for the purchase to be allocated to the correct cost centre.
- General Instructions that must be complied with are provided in Appendix 1.
- Cardholder Procedures that must be complied with are provided in Appendix 2.
- Cardholders must sign an acknowledgement of Terms and Conditions of use (as provided in Appendix 3) prior to receiving the credit card.

## MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013

### Appendix 1 - GENERAL INSTRUCTIONS

#### Introduction

The Shire has entered into an agreement with the Bankwest Bank for the supply of a Corporate Business Card which will operate on the Bankwest Bank VISA card.

The objectives for introducing the Corporate Card are:

- to allow the Shire's suppliers to receive speedier payments.
- to reduce paperwork for both the Shire and its suppliers.
- to reduce the number of enquiries concerning unpaid accounts.
- to facilitate productivity gains to the various departments of Council.
- to reduce requirements to obtain petty cash and to reduce the possibility of cash theft from staff.
- to take advantage of discounts being offered for early payment.
- to make use of Internet based purchased for overseas/inter-state payments.

It is not intended that Cards be used to bypass the current system of ordering goods and services by requisition through Procurement Services.

#### 1. Definitions

**1.1 Credit Card** - A plastic card having a unique identification for each cardholder (including a magnetic stripe for storing certain information) which enables goods to be obtained on credit from merchants (i.e. Businesses or traders) which accept the card.

**1.2 Corporate Business Account** - Each card is allocated an "account" by the card company in which is recorded all transactions by the cardholder. With the Corporate/Business Card each of these accounts is a subset of the Municipal Account.

**1.3 Corporate Business Card** - A Card on which liability for charges attached to the corporation for which the cardholder works rather than to the individual cardholder.

**1.4 Card Company (or card issuer)** - The company (in this case Bankwest Bank) issuing the Corporate/Business card which pays the merchant and provides credit on the transactions.

**1.5 Cardholder** - The person in the organisation to whom the Corporate/Business Card, is issued. The card is embossed with the person's name and bears his/her signature.

**1.6 Merchant (or trader)** - any person, business or organisation accepting the corporate card in payment for goods or services.

**1.7 Credit Limit** - The limit, determined by Policy, on the total value of transactions (payments, purchases) on each Corporate Card in each billing period.

**1.8 Billing Period** - The cycle agreed with the card company for payment for charges on all the department cards; the arrangement with Bankwest Bank provides for immediate settlement from the Statement date.

#### 2. Goods and services for which the credit card can be used

The Corporate/Business Card can be used to procure goods and services up to the value of financial limits approved by Policy and to which expenditure is authorised and provided for the Council's Budget.

However, the card cannot be used to draw cash for any purposes.

Situations in which the Card may be used:

- (a) Costs in relation to attendance at approved conferences, seminars and training where such attendance is directly related to the person's performance of duties under their contract of employment;
- (b) Subscriptions/publications

## MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013

- (c) Entertainment (see appendix for definition) on occasions deemed appropriate by the cardholder;
- (d) Entertainment (see appendix for definition) on occasions that the cardholder considers it is in the furtherance of the cardholder performing duties under his/her contract of employment. ;
- (e) Other purchases directly related to the person's performance of duties under their contract of employment.

### 3. ESTABLISHMENT ARRANGEMENTS

Executive Manager Corporate & Community Services is responsible for arranging the issue of the Corporate/Business Card.

### 4. RESPONSIBILITIES

#### 4.1 Accounting Services

The following will be the responsibility of Executive Manager Corporate & Community Services:

- Arrange the issue of the Corporate/Business Card.
- Act as liaison point with Bankwest Bank.
- Arrange for each Corporate/Business Cardholder to be advised of their responsibilities and that guidelines are issued before issue of the card.
- Ensure the original "Cardholder Agreement" is retained in a secure place and that a copy is provided to the cardholder.
- Provide written notice of any changes made to a cardholder's billing limits and transaction limits. The original of the notice will be kept with the original "Cardholder Agreement".
- Maintain a master register of cardholders.
- Arbitrate, if necessary, on any disputes occurring with the Bankwest Bank billing statement.
- Regular reconciling of the cardholders' sale dockets against the billing statement.

#### 4.2 Cardholder

The following are the responsibilities of cardholders:

- Ensure invoices are processed as a matter of urgency and ensure payment of the relevant account by the due date by forwarding dockets, invoices to Accounting Services.
- Monitor adherence to the policies and procedures in relation to the card and ensure financial limits are adhered to.
- Cardholder must ensure that the tax invoices and payment authorisation forms include:
  - (a) *A full and proper description of the goods purchased on the tax invoice (ie. Descriptions like "goods" are not acceptable). Similarly, where purchases of goods are not made over the counter (e.g. By telephone) cardholders need to record purchase details on a substitute tax invoice.*
  - (b) *Allocate account numbers and appropriate costing details, relative to the expenditure and sign accordingly and return to the Accounts Payable Clerk for processing of account.*
- Process the account for payment to ensure the payment deadline is met to avoid credit charges being incurred.
- Cardholders must return the Card to the Executive Manager Corporate & Community Services immediately, if the officer:
  - (a) *resigns or is terminated for whatever reason;*
  - (b) *is absent from work for 4 or more consecutive weeks on authorised leave (unless a special written exemption is provided by the CEO); or*
  - (c) *is instructed to relinquish the card.*
- If the cardholder disagrees with any transaction on the billing statement, the cardholder must advise Accounting Services in writing, as soon as possible once aware of the issue. The Executive Manager Corporate & Community Services is to be informed on any disputes.
- Cardholders will collect the card from Accounting Services and will be required to sign for receiving the Card and acknowledge the Conditions of Use of the Card. If the cardholder loses a tax invoice, a substitute tax invoice which is acceptable to Accounting Services and the officer's Director (or similar) should be completed with a signed notation that it is a duplicate and that the original was lost.

**MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013**

Before proceeding on any extended leave (being 4 or more consecutive weeks duration), cardholders must ensure all tax invoices are forwarded to Accounting Services for processing. (The Corporate/Business Card is issued to the authorised officer and cannot be used by another officer or any other person).

The Cardholder must **immediately** report loss or theft of the Corporate/Business Card to the Executive Manager Corporate & Community Services.

The Shire, if it deems necessary, will hold the Cardholder personally liable for unauthorised use of or excessive amounts debited to the card by the Cardholder.

The Shire will seek reimbursement of such monies from the cardholder.

## **Appendix 2 - CORPORATE/BUSINESS CARDHOLDER PROCEDURES**

1. You have been approved to be a holder of a Shire of Dandaragan Corporate/Business Card, the following information and guidelines are provided for your information.

1.1 While the card will be issued in your name, the card is a "corporate" card and all transactions made with it are the responsibility of the Shire of Dandaragan.

The use of the Card will in no way effect your personal credit rating.

1.2 The card is issued to you on condition that it will be used only for authorised purposes directly related to the Cardholders performance of duties under their contract of employment.

1.3 Under no circumstances is the Cardholder entitled to use the card for personal or private purposes.

1.4 The Cardholder is at all times responsible for and accountable to the Shire for use of the corporate credit card.

1.5 Any unauthorised use or excessive amounts on the card may result in disciplinary action to the cardholder, including possible termination following investigation.

1.6 You will be required to sign a statement acknowledging the limitations imposed on the use of the card and your responsibilities for its care and proper use.

1.7 The card is:

- a) Not to be used to draw cash or to purchase goods and services where the Cardholder may/will gain private advantage through the transaction, e.g. Special offers that benefit individuals rather than agencies such as Fly Buys and Frequent Flyers.
- b) To be used only as authorised.
- c) To be used only for the purchases to which funds have been provided for in the Budget.

1.8 It will be necessary for you, as the Cardholder, to ensure that a full and proper description of the goods/service is recorded on the sales docket when issued.

1.9 In the event of the card being lost or stolen, you must **immediately** advise Bankwest Bank by phone during normal banking hours and afterhours) and the Executive Manager Corporate & Community Services, such notification to be in writing.

1.10 The cardholder must complete the Accounting process for all expenditure within 5 working days of advice from Accounting Services to do so.

### **2. Purchasing of Goods in Person**

2.1 The Cardholder is to present the card at the time of purchase and ensure that the following information is placed on a tax invoice:

- a brief description of the goods e.g. Nails, PVC fittings, not "various" or "goods".
- name of supplier/merchant is legible quoted on the docket.
- the exact value of the transaction.
- date of purchase of goods and/or service.
- the Cardholder signs the docket at the time of purchase.
- The Cardholder enters the appropriate account code on the docket.

### **3. GST**

GST will be payable on all items purchased where applicable.

### **4. Authorised Users Maximum Monthly Credit Limit**

Is as stipulated in Policy 1.4 Corporate Credit Cards

**MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013****5. Entertainment Expenses – Fringe Benefits Tax Definitions**

Entertainment expenses are expenses incurred in respect of food, drink or recreation.

For nominated cardholders, this relates to the purchase of food and beverages only, on occasions which have the potential to provide a benefit to the Shire and when accompanied by stakeholders of the Shire, including industry colleagues, business associates, Government representatives, Elected Members and/or Staff.

**PROPOSAL**

That the Shire of Dandaragan acts as caretaker for the Jurien Community Centre for the short term period of six months, whilst assisting with the reformation of a new committee.

**BACKGROUND**

Previously, the Jurien Community Centre has been run by a committee made up of one member from each of the key user groups. The Committee has not met for over a twelve month period.

Laura Hooton has held the position of the Jurien Community Centre Manager for the last three years.

As of 1 July 2013, Laura Hooton will officially stand down as the volunteer manager of the establishment.

**COMMENT**

In order to keep the doors of the establishment open for the next 6 months, immediate support has been requested from the Shire:

- That the parks and gardens crew take on the outside maintenance, including the sprinklers to the front area of the building, the car park and the flower boxes situated at the front of the building. Along with any mowing, edging and trimming that would fall under the responsibility of the JCC volunteers.
- The JCC building maintenance, to be passed over to the Shire of Dandaragan's maintenance personnel whilst the current management structure is in a state of flux.
- Management of the Centre, including bookings, key distribution, invoicing, grant applications for funding and the co-ordination of cleaners to be managed by Shire personnel whilst they work towards reforming a committee for future management.

**PROPOSAL**

The applicant seeks planning approval for a proposed open shed in proximity to the boundary fence measuring 10m x 3.7m (37m<sup>2</sup>) with a wall height of 3.6m on Lot 1012 (18) Acacia Court, Jurien Bay.

**BACKGROUND**

The proponent has submitted a proposal to construct a 3.6m high shelter within the boundary setbacks (otherwise known as a parapet wall shed, although, without the wall sheets) comprising an area of 37m<sup>2</sup> on the subject lot.

In accordance with Local Planning Policy 8.6 – Outbuildings ‘Residential Areas’ (the Policy) an outbuilding in a residential area is permitted to have an area of 80m<sup>2</sup> provided its external appearance is of a non-reflective cladding or masonry. Clause 8 of the Policy, referring to parapet walls, states:

*“Where a parapet/boundary wall is proposed (ie a wall within 750mm of a boundary), a maximum wall height of 3.0m and length of 9m will apply. Any variation to this requires comment from the affected adjoining property owner/s for a Council decision.”*

A letter has been distributed notifying the affected adjoining property owner with comments closing on 12 June 2013.

**COMMENT**

In accordance with Clause 8 of the Policy, one submission was made by the adjoining property owner.

The adjoining property has an existing shed within the boundary setback requirements adjacent to the location of the proposed boat shelter. It is proposed that only the shed frames and roof sheets will be constructed, minimising the overall impact on the neighbouring property and amenity of the street.

As suggested in Section 6.3.2 of the Residential Design Codes, buildings on boundaries are permitted within the limits, where the wall abuts an existing or simultaneously constructed wall of similar or greater dimensions.

On inspection of the property, it was evident that storm water runoff is concentrated towards the adjoining property abutting the proposed shed. It is recommended that drainage should be appropriately installed along the fence line, directing it to the storm

<b>MINUTES OF ORDINARY COUNCIL MEETING HELD THURSDAY 27 JUNE 2013</b>
---

water drainage along the street.

The proposed development requires a 0.6m variation in height and a 1.0m variation in length of the Policy for Outbuildings in Residential areas. It is for this reason the Shire Officer recommends the proposal be approved.

#### CONSULTATION

A letter was sent to the affected adjoining property owner seeking comment on the proposal. The advertising period closed on 12 June 2013. One submission was made. A site meeting with the neighbour was held to discuss the appropriate management of storm water run-off.

#### PROPOSAL

The applicant seeks planning approval for a proposed outbuilding with a parapet wall, measuring 10.5m x 7.68m (80.87m<sup>2</sup>) with a wall height of 3.9m on Lot 34 (15) Tahiti Place, Jurien Bay.

#### BACKGROUND

The proponent has submitted a proposal to construct a 3.9m high parapet wall shed with an area of 80.87m<sup>2</sup>, comprising a 10.5m wall length on the subject lot.

In accordance with Local Planning Policy 8.6 – Outbuildings ‘Residential Areas’ (the Policy) an outbuilding in a residential area is permitted to have an area of 80m<sup>2</sup> provided its external appearance is of a non-reflective cladding or masonry. Clause 8 of the Policy, referring to parapet walls, states:

*“Where a parapet/boundary wall is proposed (ie a wall within 750mm of a boundary), a maximum wall height of 3.0m and length of 9m will apply. Any variation to this requires comment from the affected adjoining property owner/s for a Council decision.”*

A letter has been distributed notifying the adjoining property owner with comments closing on 11 June 2013.

#### COMMENT

In accordance with Clause 8 of the Policy, the application has been advertised, receiving one submission.

The property adjoining the subject lot to the side is substantially screened with a heavily vegetated tree(s).

Please be aware, the site plan depicted in the attachments is not an accurate diagram. The actual orientation of the land is opposite to what is illustrated, with the right angle located to the west and

the acute angle located to the east where the shed is proposed. This should not cause too much of an impact in regards to planning as the proposed setbacks will be enforced.

The proposed development requires a 0.9m variation in height and a 1.53m variation in length of the Policy for Outbuildings in Residential areas. Due to no objection being submitted the Shire Officer recommends the proposal be approved.

#### PROPOSAL

The applicant seeks planning approval for an extension to an outbuilding in proximity to the boundary fence measuring 10m x 6m (60m<sup>2</sup>) with a wall height of 3.3m on Lot 256 (14) Bashford Street, Jurien Bay.

#### BACKGROUND

The proponent has submitted a proposal to construct a 3.3m high extension to an existing outbuilding within the boundary setbacks (otherwise known as a parapet wall shed, although, without the wall sheets) comprising an area of 60m<sup>2</sup> on the subject lot. The proposed extension is to be an open structure, comprising of only roof sheets to provide shelter for a caravan.

The existing shed has an area of 50.4m<sup>2</sup> proposing a combined area of 110.4m<sup>2</sup> on the subject lot, exceeding the allowable area of 80m<sup>2</sup> by 30.4m<sup>2</sup>.

In accordance with Local Planning Policy 8.6 – Outbuildings ‘Residential Areas’ (the Policy) an outbuilding in a residential area is permitted to have an area of 80m<sup>2</sup> provided its external appearance is of a non-reflective cladding or masonry. Clause 8 of the Policy, referring to parapet walls, states:

*“Where a parapet/boundary wall is proposed (ie a wall within 750mm of a boundary), a maximum wall height of 3.0m and length of 9m will apply. Any variation to this requires comment from the affected adjoining property owner/s for a Council decision.”*

A letter has been distributed notifying the affected adjoining property owner with comments closing on 12 June 2013.

#### COMMENT

As in accordance with Clause 8 of the Policy, no submission was made by the adjoining property owner.

The adjoining property has an existing shed within the boundary setback requirements adjacent to the location of the proposed

PROPOSAL

The applicant seeks planning approval for a proposed colour bond outbuilding with a parapet wall, measuring 9.2m x 6m (55.2m<sup>2</sup>) with a wall height of 3.6m on Lot 517 Bettong Avenue, Jurien Bay (Beachridge).

BACKGROUND

The proponent has submitted a proposal to construct a 3.6m high parapet wall outbuilding with an area of 55.2m<sup>2</sup> on the subject lot.

In accordance with Local Planning Policy 8.6 – Outbuildings ‘Residential Areas’ (the Policy) an outbuilding in a residential area is permitted to have an area of 80m<sup>2</sup> provided its external appearance is of a non-reflective cladding or masonry. Clause 8 of the Policy, referring to parapet walls, states:

A letter has been distributed notifying the adjoining property owner to the rear of the subject lot, with comments closing on 12 June 2013.

COMMENT

In accordance with Clause 8 of the Policy, one submission was made by the adjoining property owner, objecting to the application.

The proposed development requires a 0.6 variation in height and a 0.2m variation in length of the Policy for Outbuildings in Residential areas. Under the Residential Design Codes (R-Codes), a variation of up to 10% is permitted before requiring planning approval. The applicant has also proposed to position the outbuilding along a street boundary.

Under the R-Codes, for streetscape requirements requires building setbacks from street boundaries are an appropriate distance to ensure they:

- Contribute to the desired streetscape;
- Provide adequate privacy and open space for dwellings; and
- Allow safety clearances for easements for essential service corridors.

#### 9.4.5 DEVELOPMENT ASSESSMENT PANEL – PROPOSED SOLAR PHOTO VOLTAIC POWER FACILITY – EMU DOWNS FARM, BIBBY ROAD BADGINGARRA

Location:	Emu Downs Farm, Bibby Road Badgingarra
Applicant:	Masterplan on behalf of APA Group
Folder Path:	Development Services Apps / Development Application / 2013 / 18
Disclosure of Interest:	None
Date:	17 June 2013
Author:	Rob Casella, Planning Officer
Signature of Author:	
Senior Officer:	David Chidlow, Manager of Planning
Signature of Senior Officer:	

#### PROPOSAL

The proponent is seeking planning approval for a 20 megawatt photovoltaic (PV) solar power generating facility within the Emu Downs property, located on Lot 3842 Bibby Road, Badgingarra. The application is required to be determined by the Regional Development Assessments Panel (Wheatbelt JDAP).

#### BACKGROUND

APA Group (APAG) is the current owner of the Emu Downs Wind Farm facility (EDWF) in the Shire of Dandaragan (the Shire) located on Bibby Road, Badgingarra. The Emu Downs entity is zoned 'Rural' under the Shires Local Planning Scheme No. 7 (LPS7) and comprises 3 farms, being Myara West, Myara East (either side of Yeeramullah Road south of the intersection with Bibby Road) and Emu Downs abutting Myara East to its East. The total area of the 3 lots is 5221.44 hectares.

Portions of the Emu Downs Holdings are currently leased for the Emu Downs Wind Farm facility comprising wind turbines which are distributed across the property.

#### *Photovoltaic Array Component*

The proponent wishes to develop a PV solar farm on a portion of the subject lot, to be located in the north east corner, having an approximate area of 60 hectares allocated to the solar PV facility. An additional 10 hectares has been allocated for construction activity such as lay down areas etc.

The major component will be the installation of sufficient solar panels to generate approximately 20MW of power through the use of twin blocks of solar panels, each equivalent to around 10MW. The solar panels are to be arranged in rows occupying an area of around 700 to 750 metres in width and 700 to 800 metres in length, covering approximately 50-60 hectares in total.

The applicant proposes to install a fixed tilt type solar panel structure, although a single or dual access tracking type could still be contemplated as a result of the Engineering, Procurement and Construct (EPC) contract (for the purpose of this application, there

is no difference between the two alternatives) with all cabling intended to be underground.

A number of small enclosed collector stations will be provided, housing inverters and switchgear to convert the power from DC to AC. It will then be stepped up via transformers to a site reticulation voltage of 22kV (the same as the existing EDWF). An amenities building is also provided to contain the user interface for the Supervisory Control & Data Acquisition (SCADA) system, the digital monitoring and maintenance system for the facility. The existing EDWF amenities building will be utilised for ongoing operations and maintenance staff.

A minimum of three metrological stations containing specified measurement instruments, data logging equipment and communications equipment will be established within the PV array.

In addition, the following infrastructure will also be provided:

- Tools / spare parts storage area;
- Potentially hazardous substances storage area;
- General ablution facilities;
- Access drives;
- Service Car parking area; and
- Outdoor facilities suitable for operation / maintenance of the PV plant and operational staff requirements.

*Note: The Solar Farm facilities will be significantly smaller than the existing wind farm amenity and stores buildings*

A service access road will be constructed and the whole facility enclosed in a perimeter fence which will be setback a minimum of 20m from the nearest property boundary with the actual PV facility setback a further 5m.

#### *Distribution Components*

The proposed solar power facility will make use of and connect into the existing transmission connection substation infrastructure already established to service the existing EDWF. The only new distribution infrastructure required is a new 22kV underground connection from the actual PV array and Balance of System (BOS) itself to the existing wind farm substation approximately 4km to the west. The new 22kV underground cable will be constructed by APA and run from the PV facility through an existing cleared access laneway between the Poison north and Middle Bush blocks, then across open farmland to the existing substation, to minimise the impact upon general farming operations and future access.

Power supplies will be converted for transmission via the wider network through the existing 132kV powerlines currently connected to the existing substation, requiring a small switchyard upgrade and installation of two extra banks of switchgear and

protections systems, accommodated within the existing substation site. The trenching for the 22kV underground cables will also be used to provide low voltage power to the PV site as well as redundant fibre optic cabling for communications purposes (SCADA) which can be seen in the attachments.

#### *Construction*

It is expected that the PV facility will take between 6 to 9 months to construct and employ up to 150 people during its construction peak with the requirement to provide a temporary construction compound incorporating all office, messing, toilet and washing facilities considered necessary to facilitate the works.

The project will necessitate in the order of 350 truck movements to the site with the majority comprising standard freight containers. There will not be any requirement for oversized vehicles requiring escort vehicles or special route modifications.

Transportable buildings and storage containers for construction purposes will be delivered prior to construction and removed upon completion.

A Traffic Feasibility Study and Delivery Method Statement will be completed by the proponent to confirm proposed transport routes along which the majority of traffic from Fremantle port will travel.

#### COMMENT

The subject land is currently zoned 'Rural' under the Shire's Local Planning Scheme No. 7 (LPS7). The adjoining land uses are also zoned 'Rural' with the exception of the adjacent lot to the east, Badgingarra National Park, which is reserved for 'Conservation' purposes.

The proposed PV solar power facility is a use not listed under the LPS7 Zoning Table. As a use not listed, in accordance with Clause 4.4.2 of the Scheme, Council is to either:

- a) *Determine that the use is consistent with the objectives of the particular zone and is therefore permitted;*
- b) *Determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 9.4 in considering an application for planning approval; or*
- c) *Determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted;*

When considering an application in accordance with Clause 4.4.2 of the Scheme, the Shire is to have due regard to the relevant matters stated under Clause 10.2 of the Scheme. They are as follows:

- a) *the aims and provisions of the Scheme and any other relevant local planning schemes operating within the*

*Scheme area;*

- e) *any relevant policy or strategy of the Commission and any relevant policy adopted by the Government of the State;*
- f) *any Local Planning Policy adopted by the local government under clause 2.4, any heritage policy statement for a designated heritage area adopted under clause 7.2.2, and any other plan or guideline adopted by the local government under the Scheme;*
- i) *the compatibility of a use or development within its setting;*
- l) *the likely effect of the proposal on the natural environment and any means that are proposed to protect or to mitigate impacts on the natural environment;*
- n) *the preservation of the amenity of the locality;*
- o) *the relationship of the proposal to development on adjoining land or on other land in the locality including but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the proposal;*
- p) *whether the proposed means of access to and egress from the site are adequate and whether adequate provision has been made for the loading, unloading, manoeuvring and parking of vehicles;*
- q) *the amount of traffic likely to be generated by the proposal, particularly in relation to the capacity of the road system in the locality and the probable effect on a traffic flow and safety;*
- y) *any relevant submissions received on the application;*
- z) *the comments or submissions received from any authority consulted under clause 10.1.1.*

The aims and provisions of the Scheme for the subject lot address the objective of the Rural zone as follows:

*“to provide for a range of rural activities such as broadacre and diversified farming so as to retain the rural character and amenity of the locality, in such a way as to prevent land degradation and further loss of biodiversity.”*

As solar farms are a relatively new development venture in Western Australia, no state or local policy has been developed on this issue, therefore, references shall be extracted from the Western Australian Planning Commission’s (WAPC) Planning Bulletin No 67- Guidelines for Wind Farm Development, as suggested through correspondence from a Department of Planning (DoP) Officer, which suggests:

*“Rural, non-rural and similar zones, local governments should consider wind farm proposals under the provisions of Clause 4.4.2(b) of the Model Scheme text.”* (which is the same as clause 4.4.2(b) of the Dandaragan Scheme quoted above).

The Shire’s Local Planning Strategy (Strategy) is the only relevant plan for such a proposal which supports the development as

stated in Objective 4 of section 7.4.2.1 of the Strategy:

*“Support appropriate non-rural uses where they are compatible with adjoining and nearby rural uses, environmental attributes and landscape to complement the primary productive use of the land where a site contains remnant vegetation and other environmental features or lacks realistic potential for agricultural use the Council will consider the proposed non-rural uses as the predominant use on its merits.”*

Objective 3 under the Strategy for ‘Rural’ zones states:

*“Required proposals for non-agricultural uses to be supported and justified by an agricultural impact assessment unless otherwise varied by the Council.”*

Under the Strategy, Council may refuse an application for planning consent where in its opinion the proposed development will:

1. Adversely affect the rural landscape;
2. Adversely impact upon the agricultural use of the land and adjoining/nearby areas;
3. Cause detrimental environmental impacts;
4. Result in unacceptable fire management risk;
5. Place unacceptable servicing requirements which have not been appropriately addressed by the applicant;
6. Result in impacts which cannot be adequately contained on the application site; and
7. In the opinion of the Council will result in an undesirable planning outcome and will be contrary to the orderly and proper planning of the locality.

It is considered that the solar farm will not affect the rural landscape or its agricultural pursuit, as it is comparatively a small portion of the rural lot to be utilised for the project.

The surrounding area is utilised by the existing Emu Downs Wind Farm and borders the Badgingarra National Park. As there is little disturbance to the land, as much of it has been cleared through historic farming practices, the compatibility of the development is considered suitable with the surrounding land uses.

The topography of the proposed site for the PV facility slopes from a high point at Bibby Road, downwards to the South, in conjunction with the surrounding native bush, the facility will be significantly screened, reducing the visual impact both generically and specifically from Bibby Road. The PV panels are designed and engineered to collect and absorb sunlight and not to reflect it, alleviating the concern Shire Officers had with glare and reflection for passing traffic. Generally solar panels reflect in the order of 4% of incoming light compared to vehicle windows which reflect around 8% of incoming light, therefore will not introduce any additional risk at ground level to Bibby Road or air traffic in the

vicinity.

The preservation of the amenity of the locality will be maintained due to the sloping land from Bibby Road as well as the vegetation maintained in the road reserve by screening the development from the road.

The proposed means of access and egress have been established and are considered suitably located. Adequate storage space has also been proposed as depicted in the diagram within the attachments.

There will be no substantial generation in additional traffic from constant vehicles to the site over the period of construction.

There is no foreseen issues regarding traffic although it is recommended the proponent liaise with the local school bus service to ensure no disruptions are encountered.

A number of submissions have been received from various Responsible Authorities indicating their position on the proposed solar facility. The submissions can be seen in the Schedule of Submissions within the attachments. If Councillors wish to view the full submission, it will be made available upon request.

The proposal is to fill the gap experienced by the EDWF in its off-peak energy output periods during the day when the wind speeds drop (a deficit of about 20kV to 30kV). The agreement for use of the land requires rehabilitation of the site upon cessation of the use. Given the timeframe for the facility of 25-30 years and likely advances in rehabilitation and refurbishment techniques during that period, it is anticipated a rehabilitation plan will be submitted to the Shire for approval prior to the cessation of the facility.

Given the above information, it is the Planning Officers recommendation that Council grant approval imposing the conditions stated in the recommendation to be presented to the Joint Wheatbelt Development Assessment Panel for this application.

**That Council indicate to the Wheatbelt JDAP that they support the planning application for a proposed 20MW Solar**

**Photovoltaic Facility at Emu Downs Wind farm on Lot 3842 Bibby Road, Badgingarra and recommend the following:**

**The JDAP determine that the use is consistent with the objectives of the "Rural" zone and is therefore permitted under section 4.4.2 of the Shire's Local Planning Scheme No. 7 under the following conditions:**

- 1. all development shall accord with the Development Application Report prepared by Masterplan Consultants dated March 2013 (Version 4) and subject to any modifications required as a consequence of any condition(s) of this approval;**
- 2. the development plans, as dated 14 June 2013 (amended plans) together with any requirements and annotations detailed thereon, are the plans approved as part of this application and shall form part of the planning approval issued;**
- 3. the endorsed plans shall not be modified or altered without the prior written approval of the Wheatbelt JDAP in accordance with Regulation 17 of the Planning and Development (Development Assessment Panels) Regulations 2011;**
- 4. the use and development must be commenced within 3 years of the date of this approval and completed within 5 years of commencement;**
- 5. access and egress to the subject site from Bibby Road and any road works shall be located and constructed to the satisfaction of the Executive Manager Infrastructure / Major Projects and include all necessary drainage and signage. Costs applicable to the construction of the access point/s onto the site and any related issues shall be borne by the proponent;**
- 6. the intersection of the proposed access way and Bibby Road be upgraded at the landowner/applicant's cost to the specifications of Main Roads WA (MRWA). Engineering drawings and specifications are to be submitted to MRWA for approval prior to construction;**
- 7. any pavement on the site must be capable of accepting all anticipated loadings (including access ways and parking areas). The Shire will not accept any responsibility for subsequent failure of any pavement;**
- 8. a Traffic Feasibility Study and Delivery Method Statement to be completed by the applicant and submitted to the Shire to confirm proposed transport routes along which the majority of traffic from relevant ports and local manufacturers will travel. A road condition survey is to form part of this and any maintenance work required to public roads as a result of transport activity is to be undertaken by the project contractor to the satisfaction of the Shire of Dandaragan Executive Manager Infrastructure / Major Projects;**
- 9. the use and development must be conducted so that it**

has minimum impact on the amenity of the area by reason of :

- Transportation of materials, goods and commodities to and from the premises;
  - Appearance of any buildings, works and materials; and
  - The emission of noise, vibration, dust, wastewater, waste products or reflected light;
10. the proposed solar panels must meet all relevant Australian Standards for construction and reflection to minimise any glare impacts;
  11. an interpretive information panel is to be provided at the existing Emu Downs Wind Farm tourist information bay;
  12. an Environmental Management Plan for the management and operation of the use and development must be submitted to and approved by the Responsible Authority(s). Three (3) copies must be provided. When approved, the plan will be endorsed and will form part of this approval. The Environmental Management Plan must address the following:
    - Site maintenance and weed and pest management;
    - Construction management;
    - Soil, water and flood management;
    - Fire management;
    - Traffic management; and
    - Procedures to ensure that no significant adverse environmental impacts occur as a result of the use and development;
  13. the temporary construction compound is to be removed at the end of the construction period and the area to be returned back to its original condition (grassed paddock);
  14. a plan outlining the Decommissioning and Rehabilitation of the site will be required at least 2 years prior to the cession of the 25 to 30 year timeframe of the facility. It is to be submitted and endorsed by the Responsible Authority(s). Amendments may be submitted if further developments advance;
  15. within 2 years of the facility being decommissioned, all infrastructure on the site must be removed and the site restored to its original condition to the satisfaction of the Responsible Authority(s) unless otherwise agreed in writing by the Shire of Dandaragan Chief Executive Officer; and
  16. Shire of Dandaragan is to be advised of completion of the solar facility.

**Advice:**

- The proponent is to liaise with the local school bus operator to ensure these runs are not disturbed due to increased volumes of traffic.
- The installation of the sewage facility for the construction facility shall be installed in accordance with the Health

(Treatment of Sewage and Disposal of Effluent and Liquid Waste) Regulations 1974.

- Storage tanks should be fitted with BFB coupling or a standpipe installed to allow for fast filling.
- Bulk water supply for fire suppression be made available to all Emergency Services within the Shire. Building Protection zones and Firebreaks will have to be adhered to.
- The proponent may wish to consider providing greater than minimum fire mitigation strategies to protect against unplanned bush fire events.
- That the applicant be advised this is planning approval only and not a building permit. A building permit must be obtained for this development prior to construction commencing.
- The applicant be advised that if any on site accommodation for construction is to be provided a separate application will need to be submitted prior to commencement.
