**SUBJECT:** *Withdrawal of Tenders - RFT 05/2017, 06/2017, 07/2017 and 08/2017 - Update.*

---

Following on from Addendum B where The Shire of Dandaragan advised that it was withdrawing all of the tenders and relevant documentation.

The Shire continues to seek further advice from WALGA to commencing the revised process, to ensure it is undertaken correctly in accordance with Part 4, Division 3 of the *Local Government (Functions and General) Regulations 1996*.

The Shire wishes to provide the following update; that all tenders received as part of the process will remain unopened and kept in a secure location until further advice is received and we can provide further updated information.

At this stage this is all the information the Shire can provide on this matter and we are hopeful that a similar revised process can be commenced as soon as possible

The Shire will endeavour to keep all potential suppliers who registered as part of the tender process informed of the new process going forward, as soon as further information comes to light.

All enquiries regarding this issue can be directed to the Shire Executive Manager Infrastructure, Garrick Yandle, via email to the Executive Secretary [es@dandaragan.wa.gov.au](mailto:es@dandaragan.wa.gov.au).
