

CURRENT CAPITAL WORKS PLAN AND INFRASTRUCTURE RENEWAL PROJECTS

The Shire of Dandaragan continues to progress its annual Capital Works Plan and infrastructure renewal projects.

Summer time presents the optimum time for these projects to be constructed due to favourable weather conditions.

Unfortunately this also coincides with peak tourist season however appropriate safety measures and traffic management will be in place at each project location.

The Shire appreciates the public's patience and understanding as we continue to upgrade and renew vital infrastructure within our communities.
