

CONCEPT LANDSCAPE PLAN Wind Break Option

CONCEPT LANDSCAPE PLAN Open Area Option

SEATING

A combination of table settings and bench seats. Composite material is durable and low maintenance. All examples shown by Exteria Street and Park Outfitters

SHELTERS

Provide windbreak using paneling on South Western side. Potential for custom made design. These can house seating, BBQ's or a combination of both. Examples shown by Exteria Street and Park Outfitters

OTHER FURNITURE ITEMS

Shower (Exteria), Bin (Exteria), Drinking Fountain (Landmark), BBQ (Landmark)

TREES

Tree species shall be suited to the coastal environment and provide shade for foreshore visitors.

Potential species include:

- Melaleuca lanceolata* - Dryland Tea-tree (pictured)
- Metrosideros excelsa* - New Zealand Christmas Tree
- Eucalyptus utilis* - Coastal Moort
- Casuarina equisetifolia* - Coastal Sheoak
- Agonis flexuosa* - Weeping Peppermint

PLANTING

Native plant palette to be applied to edges of the proposed dune/windbreak forms, low growing species of less than 1.5m in height.
